GUY sits waiting nervously. Fidgeting.

GIRL comes in, right away tension is set. She drops her stuff, takes a beat, then looks up at him with a fake smile almost as if you're talking to a child.

GUY
That really scared me.

Beat

GIRL
Why?

GUY
You turned off your location. You always keep that on.

GIRL
oh no everything's fine. don't even worry about it

GUY
But I wasn't sure you were gonna home tonight and then I couldn't see where you were-

GIRL
Of course I was, this is my apartment. You don't need to know where I'm going all the time-

GUY
But I was afraid you were gonna go somewhere else or something and you were out there by yourself-

GIRL
Would it have mattered?

GUY
Of course it matters. Baby, you matter to me so much. And I just want to understand what I did, I really--I have no idea-

GIRL
You can go home tonight if you want. You should go-

GUY
No, please, I want to talk about this. I don't want to leave-

GIRL
Talk about what? There’s nothing to talk about.

GUY
Yes there is, of course there is. I just want to fix it

GIRL
Fix what?

GUY
Whatever I did, clearly I made you upset about something and I want to know what.

GIRL
oh no you didnt do anything really. dont worry about it

GUY
Of course i'm worried about it, I just want to know whats wrong

GIRL
Nothinggg you didn’t dooo anything okay??

GUY
Yes I did, I just don’t understand why you won’t tell me because I want to fix it

GIRL
There’s nothing to fix!!!

GUY
Please, baby just tell me-

GIRL
what's wrong???
(shift) Is you didnt invite me to the fucking bar with all of our friends.

GUY
Oh. Well, your sister invited me, and it’s close to your work, so I was going to wait there until you got out, you know?

GIRL
No. I don’t know. All I got was a lousy fucking picture of you, my sister, and our friends at a fucking bar without me.

GUY
well, of course you were invited, what do you mean?? She's your sister-

GIRL
what so that means im automatically invited -

GUY
yes!! I thought so-

GIRL
why didnt anyone tell me i could come?? it's just cause I might not be able to, right, like I-

GUY
no, what? no, it's not like that, obviously we wanted you there-

GIRL
We??? Right cause you were there with all my friends, and I wasn't even fucking invited -

GUY
you *were* invited-

GIRL
no i really wasn't -

GUY
it's your sister!!! of course you're invited you're always invited if your sister is there -

GIRL
no one told me anything. I got out of work and it was a SHITTY shift and all I could think about was coming home to you, you would be there, ready to pick me up. but no, you weren't there, and i tried to call you and you didnt pick up, didn't even ask me if i wanna go, or ask me if maybe id be fucking interested -

GUY
i was just waiting to pick you up-

GIRL
no, you weren't, you just didn't want me there-

GUY
Yes I did-

GIRL
You didn't want me there.

GUY
I was just there to wait for you, that's all it was-

GIRL
You didn't want me there.

GUY
no I *promise* it wasn't like that, i really just thought -

GIRL
